OLEKSII DEMBNOVETSKYI

FULL-STACK DEVELOPER

SUMMARY

I am a dedicated Full-stack Developer with a strong foundation in CSS, HTML, JS, React, and Node.js. My journey in coding spans over a year, marked by the successful completion of three collaborative team projects and two individual ones. As an alum of the esteemed IT institution, GoIT, I bring a comprehensive skill set that aligns seamlessly with the dynamic requirements of the industry.

I am currently seeking opportunities as a Front-end Developer specializing in React or as a Full-stack Developer proficient in JS, React, and Node.js. Committed to continuous improvement, I prioritize career advancement, effective communication, and collaborative teamwork. I consistently strive to deliver optimal results through hard work and a passion for achieving excellence.

PROJECT EXPERIENCE

[Ice cream shop](#), [Link](#) [HTML, Sass, JS, Parcel]

My first team project. A website for ice cream shop. Role: Developer. I developed one section with positioning and a modal window.

[Filmoteka](#), [Link](#) [HTML, Sass, JS, Handlebars, REST API, AJAX, Parcel]

A website with user authorization, adding films to local storage for scheduled viewing. Role: Developer. We worked in a team, I developed a loader and notification.

[Your pet](#), [Link](#), [Link](#) [HTML, Sass, JS, Webpack, React, Redux Toolkit, Node.js, MongoDB, Express, Git, Figma, VSCode, Trello]

This is the final graduation team project on the Full-stack course from GoIT - start your career in IT. Role: Full-stack developer. I developed backend for Pets, implementation of components + styles ModalCongrats, component (modal) ModalApproveAction, creation of Not found Page 404, routes and controllers for Notices for the backend, Swagger.
